

You love me

Bb

Before I was born You knew my name

F

Knew all about me, cradle to the grave and You love me

Bb

My life before You an open book

F

Success and failure, You see them all, and You love me

Eb

Bb

I'm so glad, God Almighty

You love me in the barren land, not able to stand

F-Eb-F

No strength to call on Your Name

Bb

In the desert place, big open space

F

Needing the warmth of Your embrace

Eb

Bb

Come what may, I know You love me

Bb

Truth rings out to conquer the fear

F

To deal with my doubt and let me know You love me

Bb

How I feel shouldn't spoil my view of who You are

F

And how much You love me

Eb

Bb

I'm so glad God Almighty
